Dear Sir,

By obtaining the BIS Certification Marking Licence you have joined the large family of licensees operating the BIS Certification Marking Scheme.

As you are, no doubt, aware that consumers are anxiously looking for products conforming to the standard and they would be interested to know the new BIS Licensees. It is, therefore, necessary that the fact that your product has been covered under a BIS licence should be made known far and wide and for this purpose we would suggest that you advertise this fact in the newspapers giving this information and details of your product for which the licence has been granted. To create a better image in the consumer's mind, the standard mark which has been granted may also be displayed in the advertisements in regional newspapers to obtain better coverage.

You may also consider having additional publicity through other media such as radio or TV.

We do hope that you would implement the above suggestions and we would request you to send us the text of your advertisement for our approval together with entire advertisement/publicity programme for the year.

Thanking you,
